Opening of the Sint Maarten Carnival

The Sint Maarten Carnival celebrates its 55th anniversary this year. From April 10 to May 5, the island will vibrate for 31 days of non-stop festivities.

Parades, concerts, competitions, for this anniversary edition the organizers of the Sint Maarten carnival promise a month full of colors. The very comprehensive program aims to attract both residents and tourists. Among the highlights, three major parades including one of a new kind. Starting on the second day, the illuminated parade will set the mood for the carnival-goers. The famous jump-ups will also make their return and there will be five this year. It is worth noting that the jump-up of the Franco-Dutch unit is also on the agenda for this anniversary edition.

CULTURE, MUSIC AND LOCAL TALENTS

The carnival will celebrate culture and beauty

through four competitions. Among these, on April 15, the election of the Caribbean queen will take place while the election of the teenage carnival queen will occur on April 20. On the music side, six international concerts will enliven the festivities. A key event for fans of Caribbean sounds: the return of the Soca Rumble. A tribute concert will be dedicated to Leroy "King Beau Beau" Brooks, tracing his musical legacy. Finally, the DJ Takeover will present a show that highlights local DJs.

On Sunday, April 12, starting at 5 PM, the Village Cook Up will delight fans of local cuisine. Several stands will compete in a friendly competition featuring traditional dishes such as oxtail soup, barbecue chicken, and Johnny Cake; an event that honors the culinary richness of the carnival.

LET THE PARTY CONTINUE

To keep the excitement going, the organizers have made a bold decision: to extend the festivities by one week. To ensure the smooth running of the 2026 edition, enhanced security measures have been implemented. A new branch of the ambulance service has notably been inau-

gurated at the Jocelyn Arndell Festival Village. This operational unit will allow for rapid interventions to ensure the safety of the thousands of participants expected. Beyond the celebration, this 55th edition symbolizes the resilience of the island. An event inseparable from local culture, the carnival will stimulate economic and cultural life over the next four weeks. **L.G**

Orlando and Baltimore in direct connections

Southwest Airlines launched its direct service between Orlando and Princess Juliana Airport on Tuesday. With one daily flight, this new route is expected to boost the flow of American tourists, but it is also good news for the island's residents, who can now reach Walt Disney World in about 3 hours and 30 minutes of flight time. This Saturday, April 11, a second direct route will be inaugurated, this one from Baltimore. A fitting return, as this port city once welcomed goods from the Caribbean. The destination will be accessible in 4 hours and 35 minutes every weekend. The establishment of the American airline at Sint Maarten International Airport, its 10th destination in the Caribbean, is the result of 14 years of negotiations... that today open the doors to two popular destinations for the residents of Saint Martin.

Ça Roule Bike Shop : a new turn for cycling in Saint-Martin

In Marigot, entrepreneur Dean Junior Hodge opened Ça Roule Bike Shop on March 9. A new space dedicated to the sale and repair of bicycles on the French side.

VTT, VTC, road bikes or electric bikes, Ça Roule Bike Shop has established itself as the new treasure trove for cyclists. If for several months the French side of the territory has been without a bike shop, that is now a thing of the past.

Its owner? Dean Junior Hodge, a Saint-Martin native passionate about cycling since a young age. Entrepreneur, mechanic, but above all a cyclist, he is no stranger to the racing circuit. A competitor in mountain biking and road cycling, he has participated in championships in Saint-Martin, Martinique, Guadeloupe, and even the United States for several years. "At first, I rode with my uncles. Then they encouraged me to compete. One of them taught me how to fix my bikes, and another helped me with my training," explains the professional.

Although today the cyclist admits to getting back on the saddle solely for leisure, he has decided to turn his passion into his profession. "I worked for nearly 10 years for Tri-Sport on the Dutch side and then on the French side. I then had the opportunity to open my own shop." The only employee in his store, Dean can rely on the support of his family and hopes to soon recruit a mechanic to expand his team.

ALL IN THE SADDLE

Within his shop, the manager offers a wide SELECTION OF Bikes. "I wanted to have entry-level models with children's bikes at €350 but also high-end bikes that can go up to €15,000." Muscle bikes or electric bikes, helmets, accessories, spare parts,

everything is designed to meet the needs of cyclists. Among the brands sold are Giant, Liv, Cube, Look, and BMC, suppliers that the professional knows well and with whom he is accustomed to working.

Far from limiting himself to sales, Ça Roule Bike Shop also has a repair workshop. "It was important for me to offer after-sales service. This can range from changing a tube to a complete overhaul. We also repair bikes from brands that we do not sell, and we can order parts if needed," explains Dean. An essential service in an environment where salt and sand accelerate the wear of equipment.

With Ça Roule Bike Shop, Dean hopes to permanently establish cycling in the local landscape. While the beginnings are promising, he intends to continue the adventure without ever letting go of the handlebars.

To discover the shop and the services of Ça Roule Bike Shop, visit 102 rue de Hollande in Marigot. Dean welcomes you from 10 AM to 5 PM on Monday, Tuesday, Thursday, and Friday, as well as Wednesday and Saturday from 9 AM to 1 PM. **L.G**
